RE: H-14: ^{CV}05083 SAB CLASS ACT FRANKLIN CO

I feel compelled to write you ... to address a
issue(s).

while in the Franklin co Jail... I
became a party to the class action.

you ordered. C.L.S. to obtain records.
(medical). C.L.S. Requested records from
Franklin co Jail... these records were
incomplete..

for *months* Franklin co med Dept stalled
out oncology referrals follow up.

what records ... were collected by
C.L.S. were only a "fraction" of
medical file.

Mr. Straley.. Apparently... made some
medical diagnosis/observational Decision
on a fraction of the records.

when, I addressed the issues that he
was UN-Qualified to make such
conclusion(s). And the medical Rec's
massively incomplete.

Mr. Straley concurred. begin to
seek the missing records.

Made a request for those Rec's

And Agreed with me... that there
needed to be a physician Review
my medical Rec's

Mr. Staley made
multiple medical Request-
Some Agencies complied-

The Montgomery CO KS Jail-
Independence. KS 67301. Lt. Leedy
chose to *IGNORE* E.L.S.
Multiple request for Records-
The old medical provider turned
over the med. Rec's to this Admin-
that have continually "IGNORED" E.L.S.
AND F.C.C.C. allowed these Request to be
IGNORED as well-

The current care provider at F.C.C.C.
"permitted" these request to go
un-answered... Violations of Hippa-
it was well past the 45 days
comply to Rec's request.

by F.C.C.C non-Pursuit... of Rec's
if CEASED My care.

for months, F.C.C.C told me... waiting on
Records !!!

it essentially "allowed" them to Avoid
my oncology referral -
and they ^{F.C.C.C} allowed Shippa L.A. to be
IGNORED.

now... This Administration is IGNORING
C.L.S.

Mr. Straley specifically sent a letter of
request to the Admin. w/out reply.

The motion I submitted. Info... F.C.C.C
was prematurely Dismissed.

Mr. Straley did not have all the medical
care file.

And the records he had... he was un-
qualified to make medical decisions.
(He Agreed with me)

F.C.C.C failed to collect Records -
from MG. to Ks Tail Admin.

They (F.C.C.C) were IGNORED. Just like
Mr. Straley has been.

I suffered at F.C.C.C Due to them
accepting being IGNORED -
allowing my Shippa Rf's to be
Violated.

This is a Serious Failure^① by F.C.C.
and its a Serious issue this
Admin is Ignoring C.L.S.-

I hope, that *you* will compell some
action(s) to gain compliance to
C.L.S. continual request for the
medical Recs.-

The current care provider. Even Key
sent post arrival Recs. (9/20/17)
claim they have no authority to send
Recs that the old terminated care
provider turned over to the Admin

we... are Discovering F.C.C. Did not
pursue the medical Recs.-
a violation. And they (F.C.C.) neglected
my care... Due to... waiting on
Records -

Sincerely
Mr. Bob G. Rupert
